Black Muslim chief slain

NEWARK, N.J. (AP) - James Shabazz, the spiritual leader of thousands of Newark Black Muslims, is dead of gun wounds which police say signals possible internal warfare within the sect.

Shabazz, 52, a close associate of the late Malcolm X, was gunned down Tuesday by two young blacks as he stepped from his car in the driveway of his home, police said. The gunmen escaped on foot.

Police Capt. Rocco Paradiso said the killing of Shabazz, leader of Muslim Temple 25 in Newark's black Central Ward, could be described as a "hit." He said there were indications the shooting was part of "internecine warfare" within the local Muslim

community. He declined to elaborate. Police said Shabazz's wife told them her husband had received threatening

phone calls recently. Paradiso said several slugs tore into Shabazz when he stepped from his car in a driving rainstorm. One bullet hit him in the forehead and another struck him above an eye. He was dead on arrival at Martland Medical Center.

THE COMMITTEE has recomsystem be replaced with new parking meters as soon as possible. Wolford said the city now has 438 meters, the great majority of which have been in service for many years. He said many of the meters have passed the level of efficient and profitable operations, thus the malfunctions and the maintenance costs are much higher, with the result of loss of important revenue.

Charles Lee Associates of Cincinnati, the firm which helped prepare the report, has been selected for providing maintenance programs and for supplying new Rockwell parking meter equipment. The new meters would be automatic, not requiring handle turning. The cost of the new units would be paid for solely from parking revenues, Wolford said.

Trace leaks about Agnew Street, one-half block on each side of East Street; both sides of East Street to department between Main and North streets; both sides of S. Fayette Street for one-half block of East Street; both sides of N.

WASHINGTON (AP) - Atty. Gen. Elliot L. Richardson has received information that some of the news leaks about a federal investigation of Vice President Spiro T. Agnew have come from within the Department of Justice, a department spokesman said

Richardson obtained the information from news media sources, said spokesman John W. Hushen.

Hushen said both he and Richardson initiated contacts with several news organizations and that a newsman from Time magazine had said information about the Agnew investigation had come directly from an unnamed Justice Department official.

Agnew has publicly accused unnamed Justice Department officials of leaking information in a deliberate attempt to smear him and sway the deliberations of the Baltimore grand jury conducting an investigation of alleged political corruption in Maryland.

Without naming Time magazine, Agnew singled out for criticism its report that Justice Department officials said an indictment of the vice president was almost inevitable.

At that point, the Justice Department was conducting an informal internal inquiry on the news leaks.

On Aug. 23, Richardson wrote Agnew that there were no indications that any news leaks came from Justice Department sources. Richardson suggested that perhaps the sources were persons inside the White House or on Agnew's own staff.

Hushen said today that the new information received by Richardson about possible Justice Department leaks did not mean Richardson was ruling out the White House and Agnew's staff as sources of news leaks.

Richardson ordered a formal, fullscale Justice Department investigation of news leaks after President Nixon requested him to do so late last month. FBI agents are helping conduct the

Slaale hits General's 'illegal' rates

COLUMBUS, Ohio (AP) - State Sen. Gene Slagle, D-26 Galion, asked the Public Utilities Commission of Ohio today to restore rates of the General Telephone Co. to the level they were before June 21, 1972.

Slagle said the PUCO granted the firm a \$4.7 million increase at that time but the Ohio Supreme Court overturned the decision when the firm tried to get an additional \$2 million.

"But they have been charging about 300,000 telephone subscribers in 70 counties the increase since the Supreme Court decision," Slagle said.

Slagle estimated the company, headquartered in Marion, had collected \$6 million in unauthorized

Utilities prepare for more heat

By THE ASSOCIATED PRESS

Utilities were preparing for continued heavy electric power demands today as a muggy heat wave blanketed much of the Eastern Seaboard for the ninth straight day.

Temperatures in the 90s strained the New England regional power grid so severely on Tuesday that it reduced voltage by 5 per cent for the first time during the current hot spell.

The New England Power Exchange appealed for assistance from the New York State Power Pool, which again resorted to a voltage cut. Both systems asked heavy industrial consumers as well as the public to reduce power consumption.

In New York City, some 18,-000 Queens residents had to do without electricity for much of the day after Consolidated Edison requested a power cutoff at 66 apartment buildings in the Elmhurst section.

The move was to prevent overloading 27,000-volt feeder cables in the

Elmhurst-Jackson Heights area. Several cables there burned out last week, blacking out about 50,000 homes and apartments.

Meanwhile, the stagnant air mass caused pollution to reach hazardous levels in some areas.

In the Washington metropolitan area, an air pollution alert was continued for the 10th day in a row. Air quality in New York City was described as "unhealthy" and all of Connecticut was put on a "Stage 1" air pollution

Open burning was banned and people were urged to use public transit or form car pools to help cut down smog.

In New York City, the parks department said so many sweltering residents had been cooling off in outdoor municipal pools that the water had become "cloudy and unhealthy." The pools were being closed for draining, but the city was continuing to keep beaches fully staffed and open all night.

beginning Sept. 9. Consumers, however, will not see much change in store milk prices. The department, in announcing the temporary boost Tuesday, said the increase was necessary to assure dairy farmers that milk prices would be closely watched as production costs

The increase will be in effect only for the remainder of September. Meanwhile, officials are studying recommendations for overhauling federal market order price structures which were gathered last week at a hearing in Clayton, Mo.

Officials said most cash market prices in federal orders are currently above the new August base level.

The announcement overlooked recent actions by the Nixon administration to open the door to more imports of nonfat dry milk. Producer organizations have criticized the larger imports as a further threat to U.S. milk

The price increase beginning Sept. 9 will be for Class I or fluid milk used mainly for bottling. Most milk in the United States is produced in areas which have federal marketing orders. Those set minimum prices which

handlers must pay producers. The formula used to set prices in marketing orders is based on prices paid for manufacturing grade milk in Minnesota and Wisconsin. The formula base is adjusted each month to reflect average prices in the Minnesota-Wisconsin series two months previously.

But under the action taken Tuesday, the base price beginning Sept. 9 will be the August average for MinnesotaWisconsin estimated at \$6.50 per 100 pounds.

That will be up 72 cents from the July base of \$5.78, which, under normal circumstances, would have applied for all of September. Put another way, the \$6.50 level for August normally would not take effect until October.

The hearing in Clayton, Mo., last week included testimony from producer groups in support of a more permanent adjustment in marketing order floor prices. Officials said those would be reviewed while the temporary

Shaul use of state cash under study

COLUMBUS, Ohio (AP) - An inquiry into Ohio Commerce Director Dennis Shaul's use of state funds to mail out an information sheet on election issues last November has been turned over to the attorney general's office, Secretary of State Ted Brown said Tuesday

However, a spokesman for the state Attorney General's Office said no formal request had been received.

Brown said he's asked the attorney general and State Auditor Joseph Ferguson to look into the possibility of illegal use of state funds by Shaul in the

Shaul's office has confirmed the commerce director mailed out sheets "explaining" issues on the November ballot dealing with repeal of the state income tax and rollbacks of property taxes. The sheets were enclosed in real estate license renewal applications.

Jon Christensen, a public relations official with the department, said the sheets cost about \$150.

He said, however, the sheets neither supported nor argued against state income tax repeal.

"It did not tell them how to vote," Christensen said.

Ohio law forbids the use of state

funds to support partisan issues. Christensen said the mailouts fell into a "gray area" surrounding use of state money to discuss issues, rather

Grand jury hears testimony in alleged Ohio bribery bid COLUMBUS, Ohio (AP) — A federal grand jury was to resume hearing

testimony today in its probe of an alleged bribery attempt last spring in connection with a \$10 million stock sale that was awaiting Ohio Commerce Department approval.

Subpoenaed to appear before the panel were Commerce Director Dennis Shaul, his assistant, Victor Herbert, Securities Commissioner William Boardman and Gregory H. Seeley Jr., a former lawyer in the Securities Division.

The grand jury was convened last May after FBI agents reportedly raided the Florida home of Akron investor Anthony LaFatch and seized \$50,000 in cash and checks.

LaFatch allegedly solicited the bribe from officials of the Realty National

Corp., saying he could influence a Commerce Department decision on the stock sale request. The firm was seeking to expand the Christopher Inn hotel in Columbus.

Realty National officials reportedly notified the FBI and, acting in cooperation with agents, paid LaFatch in two \$25,000 installments shortly after the stock sale was approved last April.

Shaul has said LaFatch, who has state and federal prison records, contributed to Shaul's unsuccessful campaign for mayor of Akron in 1971.

Shaul also has acknowledged that LaFatch called him several times checking on the status of the stock sale request, but contended he thought the calls merely reflected a business interest by LaFatch.

Women in medical school

It is something of a paradox in our society that there are so few women physicians. Women are widely thought to be gentler and more compassionate than men - natural healers, as it were. Nor are women academically inferior to men. Yet only about 10 per cent of all our doctors are women.

It is good to find that this situation is gradually changing for the better. There has been an upsurge in the number of women applying for admission to medical schools. Also, the number of women being accepted is increasing rather quickly

In 1971, according to the Association of American Medical Colleges, 12.8 per cent of all medical school applications were by women. In 1972 that figure rose to 16 per

Admissions figures suggest, if we are not misinterpreting them, that the medical schools are going out of their way to accept women. Going back to 1970, one finds that a mere 11.1 per cent of students entering medical school that fall were women. The comparable figure was 13.7 in 1971, jumped to 16.8 per cent in 1972. The estimate is that this fall, a year later, approximately 19 per cent of those entering medical school will be women.

This does not necessarily mean that when this fall's classes graduate 19 per cent will be women; the percentage may be more or less. Clearly, though, the trend is in the right direction. We discern no reason why, some years hence, the number of female medical school graduates should not be proportionate to the percentage of women in our population — that is, slightly above 50 per cent.

Recovering from vacations

There is a vast literature on finger of my left hand with a mighty vacations: how to prepare for them, what clothes to take, even psychological manuals on family packing. (A problem that should not be underestimated: I suspect that conflicts over how to pack have ruined more marriages than bad bidding at bridge.)

Then, once you get off and settled for a couple of relaxed weeks, you need little advice. The crunch comes with the return. Bang - there you are, back again, and somehow exhausted. The car is full of dirty clothes, shoes are full of sand, and inevitably you have timed your re-entry to the worst heat wave since the Weather Bureau went into

The logical way to deal with this is to declare Labor Day week, National Re-

Instead of suddenly abruptly ending the summer, there could be a period of transition. Think of all the things that could be accomplished.

FIRST, you could recover from the trip back. In our case, it once took about two hours plus the ferry ride, but that was long ago and in a distant country. Now you can count on at least one massive traffic jam each way.

I mean massive: we were sitting on Rt. 128 near the junction with 95 and literally turned off the engine. There was nothing moving. We sent our daughter up on the roof of the station wagon to get a fix, and she requested binoculars. It was solid for a good five miles ahead.

And the mystery was that when finally traffic got moving, we were unable to figure out what caused the jam-up. The temperature was about 100 and, naturally, you can't turn on our air-conditioning in slow driving without overheating the engine. We hadn't used it all the way from Woods Hole — now we were out of luck. (The side of the road was littered with cars that overheated in this fashion.)

Second, you would have a decent interval for medical rehabilitation. At the moment, my hands are a mass of small cuts obtained in the course of reshingling a cabin. I am also having a terrible time (which copy editors will remedy) with the left end of my typewriter keyboard. I smashed the third

hammer blow.

Then there is poison ivy, which I have always considered the ontological proof of the existence of the Devil. Getting rid of those itchy spots takes time. A survey of our friends before leaving Martha's Vineyard indicated that about one-third of the children had somehow caught colds which should be cured before school starts.

Third, it does take a while to recapture the habits of civilization. The night we returned, for example, I said to my wife, "What is the matter with that Scotch?" She agreed that something was decidedly wrong, although it was a bottle we brought back with us and I have never known Scotch to ferment. As an experiment, I opened a bottle from the basement, but to our consternation it suffered from the same eccentricity. "The flavor is off," I observed, and she practically jumped. "Of course, that's it. It doesn't taste like OFF!"

that bug repellent like it was going out of style and everything tastes of it. Now it was gone from the hands that washed the glasses and broke out the ice cubes, though it lingers in the huge pile of clothes in the basement.

FINALLY, National Re-entry Week would provide sufficient time for the young to gear down from their summer exultation. They really do go on 220 volts and the fast shift back to 110 is likely to give them the psychological equivalent of the bends. They need time for decompression.

Needless to say, there is an element of self-interest in this: if our daughter continues her summer pace, we plan to run away from home. A week should do it nicley: she can rediscover her hi-fi, the telephone, books, and above all sleep, which she seems to give up for the summer.

If this arouses your interest, write your congressman. After all, if they can move Decoration Day from May 30, National Re-entry Week should She was right: on the island we use provide few constitutional problems.

Grandpa doesn't want to play dad again

DEAR ABBY: I am a 65-year-old man who has been looking forward to retirement after 40 years with one company. I dreamed of traveling, and now my wife and I can finally afford it. Here comes the problem: Our son just gave us the news that he and his wife are splitting up and he is taking his two sons and she is taking the two daughters, and he wants US to raise the boys! His mother is all for it, and I am all against it. I say, we raised ours and now he can raise his.

As I see it, if he wants to end his marriage and chase skirts again, he can hire someone to look after his children. His mother has always been a softie, and he can get anything he wants from her.

Please, please, help me get my wife to see things my way. I know I am right, but I can't convince her. TOO OLD FOR KIDS

DEAR TOO: My telling you that I see it your way may not have any influence on your wife's decision, but I think your son ought to paddle his own canoe.

DEAR ABBY: I am 21, married, and have a 14-month-old son whom I adore. Now you'd think with all I have to do I'd be busy enough to keep me satisfied, but I'm not. I keep a clean house, cook three good meals a day, and my laundry is up-to-date.

I want to really be somebody and do something besides housework day in and day out. I'd even be satisfied with a factory job but nobody will hire me. I think it's because I tell the truth on the job applications. I quit school in the 9th grade which was the dumbest thing I ever did. Now I realize it, but I can't turn back the clock.

Do they have schools for dropouts like me? I want so much to get my high school diploma. I know when my son gets older he will be ashamed of his mother because she didn't even finish 9th grade.

When people use big words and say things I don't understand, I just keep quiet because I'm so ashamed to let on that I don't know what they're talking about.

Please help me, Abby.

DEAR YOUNG WOMAN: I refuse to call you "Failure" because "Failures" are satisfied with their lot, and you are not. You can get your high school diploma through an adult education program. Get in touch with a counselor at your nearest public high school, or write to the General Education Development Council, 1 Dupont Circle, Washington, D. C. Good luck and God

DEAR ABBY: My husband was a business associate who is also a friend, and he always greets me with a big hug and kiss even though I don't do

anything to encourage him. My husband doesn't like it and thinks I could do more to control the situation.

I don't want to make a big deal out of it, but I really don't know how I can keep this man away from me without insulting him. Maybe I am too timid, but I can't just tell anybody off. Is there another way?

DEAR TIMID: You don't have to tell him off. Greet him with an outstretched HAND (for shaking) instead of open arms for hugging and kissing. Problems: You'll feel better if you

get it off your chest. For a personal reply, write to ABBY: Box No. 69700. L.A., Calif. 90069. Enclose stamped, self-addressed envelope please.

AMERICAN FAMILY PLANNING

Brakefield family reunion is held in Center Church

The annual Brakefield reunion was held at Center Church in the lovely grove of oak trees Aug. 26 with a basket dinner at noon. Carl Arehart, superintendent, gave the invocation.

Long tables were centered with colorful bouquets of mixed garden flowers brought by Mrs. Kenneth Craig, and later given to three of her

The business session was brought to order by the ringing of the old church bell, and conducted by Mrs. Will Wintringham of Troy. Mrs. Harold Reardon of South Charleston gave the

secretary's report. Following the

treasurer's report, a donation was made to the church by the group. In recognition of the many years of service as president of the organization, a cash donation was given to Mrs. Wintringham. The nominating committee reported a slate of officers for next year: President, Mrs. Kenneth Craig; vice president, Eugene Dawson; secretary-treasurer, Mrs. Reardon; and chaplain, Fred

Lathberry. The program for the day opened with group singing. Mrs. Charles Wisecup was the pianist, after which Kathy Harper, her daughter, played an accordian solo.

Mrs. Arehart spoke about the history of the church and named many faithful families who had worshipped there many years ago. Mr. and Mrs. Carl Arehart reside nearby, and have retired from teaching in the Fayette and Greene county schools.

The church's centennial committee had hoped to have Dr. Norman Vincent Peale attend services which marked 160 years in the community in September, 1971. However, Dr. Peale did attend the celebration last year when 600 or more people were present for the occasion. He was accompanied by Mrs. Peale, their son Rev. John Satterd Peale of Stratford College, Danville, Va., and their seven year-old grandson,

The Rev. Albert Briggs, pastor of the church then and now, brought a

recording of the program made at the meeting when Dr. Peale was present, and it was used for the remainder of the program, since many of the group were

unable to attend that service. A place for the reunion will be secured in Troy Community Park for the fourth Sunday in August, 1974, by Mrs. Wintringham. She and her sisters will be in charge of the program and

Mrs. Lathberry will assist in the

making of coffee. Mrs. Kenneth Chaney of Washington C.H., and Mr. and Mrs. Carl Arehart were guests and friends of many of the

Miss Deborah Ann Burnett became the bride of William Jay Taylor in Grace United Methodist Church. Miss Burnett is the daughter of Mr. and Mrs. Walter Burnett Jr., Rt. 2, Leesburg, and Mr. and Mrs. Everett Taylor, Rt. 3, are the parents of the bridegroom.

The Rev. Allen Puffenberger performed the double ring ceremony at

7:30 p.m. Aug. 18, before an altar enhanced with candelabra and baskets of flowers with rainbow ribbon. Mrs. Gene Hughes presented a half-hour of organ music, preceding the wedding

Given in marriage by her father, Miss Burnett wore a floor-length gown

of silk organza and Venice lace, with empire bodice, high neckline, A-line skirt accented with lace borders at the hem, and long puffed sleeves with wide bands of lace and ruffles at the wrist.

The chapel-length veil of silk illusion was edged in matching lace. She carried a colonial bouquet of white daisies, white roses, baby's breath and

miniature carnations. Miss Pam Burnett was maid of honor for her sister. She wore a lavender dotted Swiss floor-length gown with puffed sleeves, tucked bodice and square cut low neckline, with belt in the back.

The bridesmaids, Miss Brenda

Wilson, Rt. 1, Sabina, cousin of the bride, and Mrs. Danny Wireman of Salyersville, Ky., sister of the groom, wore dresses like that of the bride in yellow and pink. They carried fireside baskets of mixed daisies tied with streamers or rainbow colored ribbon. They also wore ivory rose pendants, gifts of the bride.

Heidi Gallardo of Washington C.H., cousin of the bride, and Melissa Wireman of Salyersville, Ky., niece of the groom, were the flower girls. They

wore a formal length dotted Swiss dresses of yellow and lavender, with puffed sleeves and a ruffle at the hemline, trimmed with lace at the neck with white satin ribbon belts. They carried lace baskets of daisies tied with

rainbow ribbon streamers.

Dean Waddle, Rt. 2, Leesburg, served as best man. Danny Wireman of Salyersville, Ky., brother-in-law of the groom, and Dennis Anschutz, Rt. 5. were the ushers.

The bride's mother wore a yellow and white formal length gown with which she combined white accessories.

The groom's mother wore a formal length gown of powder blue also with white accessories. Both mothers wore corsages of yellow and white sweetheart roses. The grandmothers wore miniature carnation corsages.

Hostesses for the reception held at were Mrs. Ralph Wilson and Mrs. Paul Febo, cousins of the bride, and Mrs. Thomas Hagerty, cousin of the groom. Miss Karen W. Webb presided at the guest book.

Following a trip to Pennsylvania, the couple is residing on Reynolds Rd. (Rt.

Miami Trace's Panthers, following an extensive restoration conducted through sweltering heat and humidity, will launch what could prove to be an unpredictable football crusade Friday

The success of new head coach Fred Zechman's summer patchwork on the Miami Trace team will unfold when a veteran-studded Springfield Northeastern comes calling for the 8 p.m. season opener at Miami Trace Field.

Zechman inherited a team tattered and torn by the graduation losses of a wonderful batch of seniors which included four All-Ohioans, but the Capital University product promises some surprise packages for his first fall in Fayette County.

HE DOESN'T expect the offense to be as awesome and devastating as it was a year ago, though it will be testy enough, however Zechman expects his first Panther team to be vastly-

# 4 Bengals

CINCINNAGI (AP) — The hush-hush status of four Cincinnati Bengals placed on the National Football League waivers list Monday is expected to come to light today.

Coach Paul Brown announced Tuesday he was not going to make public the waiver names he submitted to league headquarters until late Wednesday.

"The reason we're not saying anything is because there are some teams playing games by putting people on waivers they don't expect to keep on them," Brown said. "We know there are several clubs who are very interested in some of our people and they want them for a song.

By JAY SHARBUTT **AP** Television Writer

NEW YORK (AP) - One of the briefest, hippest kid shows on television—ABC's "Scholastic Rock" will start some swinging grammar lessons next Saturday morning. It already has put a lively beat to basic

The new lessons are in "Grammar Rock," a companion series to the 11 "Multiplication Rock" segments that have been part of ABC's Saturday and Sunday morning childrens' programming since Jan. 6.

The method of both series is simple but highly effective: The usually dull rules of multiplication and grammar are written as catchy lyrics to pop music with cartoon characters moving about briskly to illustrate the number

or rule of grammar involved. Each show lasts only 31/2 minutes, but morning. They're excellent. The music is billed as rock, but it really isn't. It's

more in the jazz vein. Several of the singers behind the cartoon characters are respected jazz

artists, albeit not as widely known as some of today's pop music stars.

The "Multiplication Rock" team consists of Blossom Dearie, an excellent pianist; jazz drummer-vocalist Grady Tate; and pianist Bobby Dorough, who composed all the

multiplication songs.

Another well-known figure in jazz circles—trumpeter Jack Sheldon sings in the new grammar series, according to spokesmen for Scholastic Rock, Inc., the New York-based producers of both shows.

Segments from both series will air five times each Saturday and twice on Sunday, according to ABC, which says yet another "Scholastic Rock" seriesdealing with American government and history-may be ordered up at a later date.

Another project aimed at young viewers is in the works right now at CBS-TV. It involves current news items and an effort to put these stories into perspective for the 10-to 16-year-old

CBS says the shows, each running nearly two minutes, will start in October, run Monday through Friday and examine one current story a day with detailed but easy-to-follow background material on it.

The new series will be seen on the five CBS-owned television stations-in New York, Chicago, Philadelphia, St. Louis and Los Angeles-as part of those stations' early evening local news programs, the network says. The shows also will be offered to CBS af-

# Road-striping

More than 13 miles of county roads are to be striped, according to action taken Tuesday by the Fayette County Board of Commissioners. Sections of five roads were approved for striping.

The roads are: the new section of Robinson Road and 4.727 miles of Robinson Road from Elm Street to Camp Grove Road; Reed Road, from Gregg Road to the Madison County line; Carr Road, from Ohio 41 to Gregg Road; Hutchinson-Yeoman Road, from U.S. 35 to Bloomingburg-New Holland Road, and Bloomingburg-New Holland Road, from U.S. 35 to Ohio 41.

The cost estimate for the striping project is \$1,250.55, according to County Engineer Charles P. Wagner. The county dog warden reported that 39 complaints were investigated during

#### Orient Institute ceremony held for 'New Look'

COLUMBUS, Ohio (AP) - Mental Health Director Kenneth Gaver personally will cut down a 500-pound steel bar gate to Farmview Cottage at Orient State Institute Thursday to symbolize the state's new attitude toward mental care.

The morning ceremony will bring to an end the use of the 70-year-old building as a residence for mentally retarded patients.

Gaver said Gov. John Gilligan and he felt "the filing of those bars symbolizes Ohio's new determination to bring humanizing conditions to those who must depend on us for their wellbeing.

The cottage will be converted to a multi-purpose rehabilitation center for residents of Orient, the largest of the six state institutions for the mentally

the Board of Health.

Mrs. Richards has been a staff nurse for 21 years, working in education and

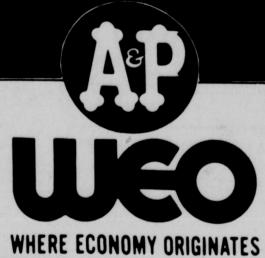

school health nursing. She will fill the vacancy left by Mrs. Gretchen Witherspoon who recently

The board approved the attendance of three staff members at a public health seminar to be held Sept. 21-22 in Columbus.

Other items discussed at the board meeting Tuesday were new state regulations pertaining to accrued sick leave, the home health program and its relationship to the department, and the two-tenths mill tax levy to be voted on

in November. Plans are being made to form a citizens committee to explain the need for the additional tax money

### 'Superbus' may relieve traffic

WASHINGTON (AP) rom out of the past, shouldering through city traffic jams, comes the latest heavyweight hope for getting America moving again.
It's "Superbus," so-called

officially as the hero of a new government transportation project. But veterans of the commuter crush know it better as the double-decker. Now it's tentatively toeing

the comeback trail after retirement forced in the mid-1950s by those who said it was too costly to run, the National Geographic Society reports. The idea is that these "high capacity" buses may help ease rush hour overcrowding

buses in the space of one. The Union Jack, was Canada's official flag from 1763 to 1965.

In bridge, as in other fields of endeavor, it is possible to make errors of omission as well as errors of commission. Thus, one may fail to give an opponent a chance to make a mistake when the opportunity presents itself and this very failure may produce consequences just as disastrous as making a clear-cut error of commission

#### Low Back Pain? Have It Tested

As long as I can remember, my husband has complained of pain in the lower back. He says he has a "disk problem.'

He has never had a thorough examination, and I am beginning to believe that his pain may be due to something entirely different.

Where do we go from here? Mrs. G.T.F., N.M.

Dear Mrs. F .: Low back pain is one of man's most

common complaints. When man evolved to an upright position, this postural change may have imposed on him the low back syndrome of modern civilization.

The idea of a "disk" became very 90000000000000

the autumn colors on Agfachrome do it this year.
Fall also marks the beginning of another season of photo classes at CK-FN. As you know, pictures are made by people, not cameras. Ownership of a camera does not make one a

photographer. That's why photography is such a great hobby, there's always something to be learned that will make the hobby more fun. If you are interested in more information about the photographic hobby drop in the shop and ask about these photo classes. Have you checked out the HONEYWELL PENTAX ES? From where we sit this ES is the camera to get. Honeywell has worked out the fully

automated shutter so that the photographer can keep his mind on making a good picture and leave the exposure problems to the camera itself. This thing is fantastic. Well, sure, you still have to point the camera in the right direction; beyond that the electronics takes over and the technical problems are all solved for

you. And while on the subject of new stuff, don't forget that there is Ektasound in your future. You gotta see and hear it to believe it. The sound goes on the film right with the picture.

And if the sound doesn't turn you on, existing light movies will. The new movie cameras that don't need lights to shoot beautiful color indoors, make home movies more fun than ever. Drop in and see some of the films we've been shooting inside, without lights. It's fun.

popular about 25 years ago, and to many seemed to carry a special sign of distinction.

Without a thorough examination, numerous people have gone through life thinking that they have a disk problem when, in reality, another reason for their pain existed.

Sprains of the muscles of the lower back can result when people suddenly lift a heavy object, or make an unnatural pull on a muscle.

Some people are born with malformations of the spine which make them more vulnerable to stresses

The presence of a disk is no guesswork. X-ray, orthopedic, and neurological examination are essential in establishing such a diagnosis.

Disks are flat, compact pieces of cartilage which separate the bones of the vertebral column. This cartilage acts as a shock-absorbing cushion for all of the positional changes we make throught our lives. These disks can protrude and become herniated following injury.

There are also some disorders which may be responsible for the herniated, or "slipped," disk.

Treatment depends entirely on the exact diagnosis. It is imperative, therefore, that a thorough study be made of the entire bony structure of the spine. Sometimes, a myelogram, a highly specialized X-ray study, is made to localize the exact disk that may be

involved. Medical and surgical treatment is now available. If a disk really exists there is no reason that your husband or any person suffering with low back pain should go through life without finding its cause and seeking its remedy.

Is the operation for a fallen womb successful?

Mrs. O.L., Va.

Dear Mrs. L.: A prolapsed uterus, or "fallen womb," occurs when the ligaments and muscles that normally hold the uterus in place become weakened. This may occur in women who have had a

number of children. The operation for the repair of a prolapsed uterus is highly successful. It can relieve the weighty "bearing down" sensation associated with a prolapsed uterus.

Bladder disturbance caused by the fallen womb can also be relieved. The operation is a safe one.

crowded conditions in three elementary schools in the Miami Trace School District and a report concerning a site for the proposed junior high school topped the agenda for members of the Fayette County Board of Education at their regular semi-monthly meeting Tuesday night at Jasper School in Milledgeville.

Board members spent the bulk of the 3½-hour session discussing enrollment figures in various schools and finally taking action to make adjustments in three particular cases where overcrowded conditions exist.

Several concerned citizens from the New Holland area joined in the lengthy discussion with board members.

The board indicated that approximately 13 New Holland first graders will be transferred to Bloomingburg. The pupils, some living in the Deskins Subdivision, off U.S. 22-E, will be selected according to transportation distances. There are currently 41 students in the first grade at New Holland and 41 in two sections of first grade at Bloomingburg.

In addition, the board also transferred approximately eight seventh graders from Bloomingburg to Eber and six second graders from Bloomingburg to Madison Mills.

DWIGHT DUFF, a board member who serves on the school site selection committee, reported that the board has taken an option on a piece of land for the proposed new junior high school which will appear before voters in the Miami Trace School District on the November ballot. The board said the property being considered is located near Miami Trace High School.

Along the same lines, the board scheduled a meeting for 8 p.m. Sept. 11 to consider a promotion campaign of the new school issue.

Two teachers were employed. They were Mrs. Sandra Stayrook, of Columbus, for a vocal music assignment at Jeffersonville, and Miss Dariah Hewitt, a graduate of Wilmington College, for a special education assignment at Jasper.

Donald Matthews was employed as a high school custodian and Jerry Armstrong, presently a high school custodian, was transferred to New Holland where he will assume the same duties.

A number of persons were placed on substitute lists for the school year. Mrs.

> In other employments matters, the board hired Carolyn Exline, a COE student for the high school office.

IN OTHER matters:

The board granted a request from Athletic Director Delmar Mowery and the head basketball coach Dale Creamer, to open the high school gym for recreational purposes two days a week after school until 5:30 p.m. until basketball conditioning starts Oct. 1, and a request that Charles Andrews be employed as assistant varsity basketball coach;

Discussed the American Field Service and Youth for Understanding programs and their connection with the

high school; Adapted a workbook price list for the

1973-74 school year; Granted Mrs. Irene Thornburg, a teacher at Jeffersonville, a leave of absence Nov. 5-9;

Approved a request from Dr. and Mrs. Leroy David, Highland Ave., to release their three children in order that they may attend city schools;

Entered into an agreement with Wilmington and Xenia school districts to provide a driver education simulator at a cost of \$1.23 per pupil for which the district will be reimbursed by the state; and

Approved routine payment of bills.

#### City board employs new teachers

The Washington C.H. Board of Education Tuesday evening approved the hiring of two new teachers and six substitute teachers.

The resignation of Gary Marshall, assistant custodian at Rose Avenue School, was accepted, and the board adopted the changes in admission prices for athletic events that had been proposed by the Athletic Council.

Mrs. Fern Ginn and Mrs. Jane Redd were hired to fill vacancies in the elementary schools, and Mrs. Charmaine Kirk, Myron Krehbiel, Mrs. Joyce Lott, Mrs. Jean Rice, Miss Cherie White, and Gary Browning were added to the list of available substitute

In keeping with the general policy of the SCOL, Washington Senior High School will charge \$1.00 for students and \$1.50 for adults for the gate admission to school athletic events. Students who buy their tickets in advance will be charged only 50 cents.

The board granted a requested easement for setting a pole on school property at the corner of Elm and Cedar streets. The city had asked for the easement to install a traffic signal. It was noted that the pole will not interfere with a sidewalk to be laid in the same area.

SUPERINTENDENT Edwin M. Nestor said that the lighting project at

Approval was given to a request from the Junior and Senior High counselors to attend a two-day workshop in Columbus later this month. In taking the action, board members noted that they wish to encourage teachers and school personnel to attend enrichment programs of various types.

Instead of paying bus drivers a flat rate, the board voted to pay the drivers \$3.17 per hour for transporting students to school-related activities. This will include athletic events, band appearances and other engagements.

Favorable action was taken on a request from Fred Jones, Senior high principal to allow Rita Sue Pitzer, a junior, to graduate this spring.

The two school districts in Fayette County received \$118,216.69 in August under the school foundation program, according to State Auditor Joseph T. Ferguson. Ohio's 615 school districts

shared in a net total of \$42,662,062.37.
The gross August subsidy payment amounted to \$61,251,969.08, but the actual amounts the school districts received were reduced by direct state payments to the two retirement systems and the county board of

education. The Washington C.H. City School District received \$70,435.92 as the basic and transportation allowance, \$1,773 for the school employes' retirement, \$12,849.69 for state teachers retirement, for a total payment to the district of \$55,813.23.

The Miami Trace Local School District received \$85,594.75 as the basic and transportation allowances, \$3,364 for employes' retirement, \$15,492.96 for teacher retirement, \$4,334.33 as the allotment to the County Board of education for a net payment of \$62,403.46.

#### Sabina councilmen postpone session

SABINA — There was no meeting of Village Council Tuesday night because of lack of a quorum. Mayor William Stewart is in a hospital and Isaac Soale, president of Council, was unable to attend.

The meeting was postponed from Monday, the regular meeting date, because of the Labor Day holiday. No date was set for the next meeting. Council normally meets the first Monday of each month.

THE YEAR-END schedule for seniors was approved by the board. The Class of '74 will take final exams May 22)23; their last day of school will be May 23; the senior assembly and breakfast will be May 29; senior rehearsal, May 31 and commencement Sunday, June 2. The date of the senior party was tentatively set for May 24.

The breakdown of the city school enrollment of 2,315 students is as follows: Belle Aire, 309; Cherry Hill, 172; Sunnyside, 120; Rose Avenue, 131; Eastside, 449; Junior High, 647; and Senior High, 487.

There are an additional 169 kindergarten students. Eastside has 63; Sunnyside 51 and the Junior High building 55.

#### **New Hollanders** to vote on cemetery levy

NEW HOLLAND - Village Council Tuesday night approved a resolution to submit a renewal of the one-mill cemetery levy to the voters at the Nov. 6 election, paid bills totaling \$2,107.55 and set Sept. 17 as the date for the councilmen to meet with Donald Conley, of the Washington C. H. engineering firm of Gale Helms & Associates, to review the zoning map of the village.

Among the bills were a payment of a total of \$80 for five runs by the Volunteer Fire Department. (The firemen receive \$2 each per run.) Also included was a bill of \$941 for street improvement and salaries of Mayor the farm, represented the United Clarence Brown and other village

The zoning map was laid before Council meeting by Conley. After some discussion, a few changes were recommended. After these changes are made, Conley will resubmit the map to councilmen at the Sept. 17 meeting.

## Delia soaks coast with heavy rains

By THE ASSOCIATED PRESS

Tropical storm Delia, with torrential rains and sustained winds of 50 miles per hour, drenched parts of southeast Texas and southwest Louisiana today.

The storm, which gradually weakened during the night, was expected to leave from 5 to 10 inches of rain in Texas. A flash-flood warning was issued for southern Texas.

Delia's rainfall was mounting at many reporting stations. Lake Charles, La., was swamped with 3.8 inches in a 24-hour period.

A tornado touched down late Tuesday south of Ponca City, Okla. Other funnel clouds were sighted north of Tampa, Fla., and near Peoria, Ill. No injuries were reported.

Winds of 100 miles per hour slammed into Big Springs, Tex., Tuesday and strong winds whipped Wichita Falls, Tex., and Clinton, Okla.

Heavy thunderstorms unrelated to Delia washed parts of southwest Missouri, leaving 2 inches at Monett in six hours.

Thundershower activity diminished before dawn over the middle and southern Atlantic coastal states and in the Ohio Valley, but dampened scattered areas in the Tennessee Valley and from Kansas to the lower Mississippi Valley and Gulf Coast.

Southern California expected another day of drizzle. The Los Angeles high temperature sagged to a record low Tuesday, hitting 67, two degrees below the previous low for that date. Except for fog in coastal regions and

near the Great Lakes, the northern third of the nation enjoyed fair weather. Cool air fanned out over the northern and central Plains.

New York City's temperature remained in the low 80s overnight, but in most other areas except the South and Southwest, temperatures were in the 60s and 70s.

Temperatures before dawn ranged from 43 at Laramie, Wyo., to 90 at Phoenix, Ariz.

#### 5 hostages are held at at embassy

PARIS (AP) - Three Arab gunmen claiming to be members of a Palestinian splinter group took at least five hostages in the Saudi Arabian embassy today and demanded a plane to fly them and their prisoners to an unnamed Arab capital, police said.

The three Arabs said they would trade their hostages for the release of "a high-ranking Palestinian resistance figure" held in Jordan, Police Commissioner Jean Bucheton said.

Other police sources said the person whose release the gunmen are seeking is held in Kuwait.

Bucheton said the Arabs demanded the plane by 11 a.m. EDT.

He said the gunmen claimed to be members of a Palestinian faction called Al Icab — The Punishment.

Three of the hostages were reported to be the Saudi Arabian cultural attache, the embassy accountant and a translator. The Kuwaiti ambassador to France

was acting as an intermediary between the Palestinians and the police, Bucheton reported. "We are waiting to see how the

negotiations turn out," he said. "Any intervention is absolutely out of the question for the time being."

named in burglary-conspiracy charges. The Times did not specify the other charges, but said they were in connection with the break-in. Sources for the stories were not cited.

There was no immediate official comment on the Times' story. After the sealed indictments were returned, an aide to special Watergate prosecutor Archibald Cox said they could threaten Cox's Watergate investigation. Superior Court Judge James G.

Kolts, who received the indictments late Tuesday, ordered the documents sealed until at least one of those indicted surrenders to authorities. Names and charges stemming from the probe were to be released immediately afterward.

Kolts also ordered that arrest warrants not be issued until next Tuesday to give the indicted a chance to surrender on their own. He set bond at \$500 for each person indicted.

Cox's aide, James Doyle, said the Watergate prosecutor could be expected to issue a statement today about the effect of the indictments on his investigation. "They've got a small piece of a much bigger thing," Doyle

Sources close to the grand jury previously had said that Ehrlichman, Krogh, Young and Liddy were possible targets for indictment in the probe. Dist. Atty. Joseph Busch declined comment on that report.

Ehrlichman's local attorney, Joseph Ball, said he had not heard whether his client had been indicted. "I don't know anything about it," he said.

Sources said the 18 grand jurors filed into court at 8 p.m. EDT after spending most of the day hearing a replay of Ehrlichman's testimony before the Senate Watergate Committee about the Ellsberg breakin. The jurors reportedly also had been shown three White House interoffice memorandums involving Ehrlichman, Krogh and Young and covert plans relating to Ellsberg.

Four others have been named publicly as participants in the Sept. 3, 1971, breakin at the Beverly Hills office of Dr. Lewis Fieldin. But the four — E Howard Hunt, Bernard Barker and Cuban nationals Eugenio Martinez and Felipe DeDiego - were granted immunity from prosecution in return for grand jury testimony.

#### Life term for Brown

John Allen Brown, 21, of Frankfort, who was found guilty of second degree murder by a Common Pleas Court jury last Thursday, appeared in court this afternoon for sentencing.

Common Pleas Court Judge Evelyn W. Coffman read the charge and the verdict and then rendered the mandatory sentence of life imprisonment. He will be sent to Chillicothe Correctional Institute for processing before being remanded to a state penal institution to serve out his sentence.

Brown was convicted in the April 13 gun death of Demeatris Winfield, 17, of Chillicothe, at the home of Leonard Kelley, 721 Gregg Street.

**Power Struggle** 

# Congressmen return; eye

WASHINGTON (AP) - Congress returns today from a month's vacation to tackle money bills that carry overtones of the legislators' power struggle with the White House.

First on the Senate's list is an appropriation measure from which the House deleted a special \$1.5-million presidential fund. The House also added strictures on the spending of government money for security on such private property as presidential homes away from Washington.

The House Appropriations Committee cut the money from the bill after discussing whether the fund might have been used to finance the special "plumbers" unit of White House investigators. The full House went along.

The Senate Appropriations Committee, however, replaced \$1 million, with a provision for reports to Congress on the spending.

Acting after news accounts broke about expenditures for security at President Nixon's California and Florida houses, the House approved language requiring that future spending on private property first be reported to the appropriations committees. The Senate committee deleted the reporting requirement.

The fund and property reporting issues were sent to the full Senate.

The House is to act on a \$682-million State Department authorization bill, with a requirement that the department and affiliated agencies must respond to congressional requests for information or lose their funds.

The bill also would give Congress a look at campaign contributions by persons subsequently nominated for ambassadorships.

Senate Democratic Leader Mike Mansfield of Montana, interviewed on the eve of the renewed session, said he favors stricter wage-price controls, but that there is nothing more Congress can do to fight inflation.

"We've given the President the authority to act and we would hope he recognizes that phase 1, 3 and 4 are not the type of operations necessary to deflate inflation," Mansfield said.

THE HAGUE, Netherlands (AP) The socialist premier of the Netherlands today launched a weeklong silver jubilee for Queen Juliana, Europe's longest reigning monarch.

Premier Joop Den Yul in a nationwide broadcast said the 64-year-old queen's direct contact with the Dutch people and concern for their problems showed that "it is still possible for royalty to function in our country."

"By her attitude and behavior, royalty has lost in outward pomp, but

## Major parking program projected for city

**By LARRY JOSEPH** 

**Record-Herald City Editor** A five-phase parking program in Washington C.H. including the city's acquisition of the Park & Shop parking lot on S. Main Street was announced today by City Manager Dan Wolford.

A report prepared by a 13-member Downtown Parking Commission and a consultant is expected to be adopted by City Council in October. The report covers renovation of equipment, enforcement, times and rates, the use of tokens for free customer parking, and

#### **Black Muslim** chief slain

NEWARK, N.J. (AP) — James Shabazz, the spiritual leader of thousands of Newark Black Muslims, is dead of gun wounds which police say signals possible internal warfare within the sect.

Shabazz, 52, a close associate of the late Malcolm X, was gunned down Tuesday by two young blacks as he stepped from his car in the driveway of his home, police said. The gunmen escaped on foot.

Police Capt. Rocco Paradiso said the killing of Shabazz, leader of Muslim Temple 25 in Newark's black Central Ward, could be described as a "hit." He said there were indications the shooting was part of "internecine 'warfare' within the local Muslim community. He declined to elaborate.

Police said Shabazz's wife told them her husband had received threatening phone calls recently.

Paradiso said several slugs tore into Shabazz when he stepped from his car in a driving rainstorm. One bullet hit him in the forehead and another struck
him above an eye. He was dead on

## Parking program

should recognize their efforts to assist the community by this generous contribution," Wolford commented.

THE COMMITTEE has recommended that the city's present meter system be replaced with new parking meters as soon as possible. Wolford said the city now has 438 meters, the great majority of which have been in service for many years. He said many of the meters have passed the level of efficient and profitable operations, thus the malfunctions and the maintenance costs are much higher, with

the result of loss of important revenue. Charles Lee Associates of Cincinnati, the firm which helped prepare the report, has been selected for providing maintenance programs and for supplying new Rockwell parking meter equipment. The new meters would be automatic, not requiring handle turning. The cost of the new units would be paid for solely from parking revenues, Wolford said.

The city plans to employ meter maids or retired men for enforcement of the meters and all parking regulations.

ANOTHER PHASE of the program is a change in the parking times and rates. A zoning program is to be adopted to provide a faster turnover of parking spaces in the immediate central business district. Wolford pointed out that at this time the areas proposed for the new time rate zones are general and should not be considered final. The proposed zones are:

A. Fifteen minute limit for 5 cents. There are to be 28 of the 15-minute units in the same location as the existing 15minute limit units.

B. One-hour limit with rates of 5 cents for one-half hour or 10 cents per hour. There are to be 138 units located on both sides of Court Street between the DT&I railroad crossing and North Street; both sides of N. Main Street from Court Street to Market Street; both sides of S. Main Street from Court Street to the first alley; both sides of N. Fayette Street from Court Street and the first alley, and both sides of S. Fayette Street from Court Street to the

C. Two-hour limit. The rates are to be 5 cents per hour and 10 cents for two hours. There are to be 292 of these units located on both sides of N. Hinde Street from Market Street to Court Street; both sides of S. Hinde Street from Court Street to the railroad tracks; both sides of N. The three other auto companies — Ford, General Motors and Chrysler also have price increase proposals pending before the council. They are not scheduled to go into effect before Sept. 13 if the council approves the price hikes.

Wolford said the 10-hour meters are to accommodate all-day parkers who now park heavily in these areas. The local residents, most of whom do not have garages and cannot park in their own neighborhoods, will be provided for by the issuance of decal permits to be affixed to their auto windshields permitting them to park at no charge at a metered space at a maximum distance of one block of their home. The decals would be issued by the city and will be different colors to denote the area where they are permitted to park at the meters. Residents effected by the decal system would be contacted individually in an effort to solve specific problems prior to implementation of the system, Wolford

A fifth zone will be established for three-hour parking. These meters will be located in the off-street parking lots, and the rates would be 5 cents for the first half-hour, 10 cents per hour, and 25 cents for three hours.

Serving on the Downtown Parking Commission are Jack F. Brennen, Joseph O'Brien, Hugh S. Patton, Jack Alkire, Richard E. Whiteside, Dale Wade, Robert J. Lee, Larry Soldan, Albert R. Bryant, Ray B. Downing, John Toby, James F. Ward and Al C.

Wolford said it is the opinion of all members of City Council that the program is an example of participation and cooperation designed to make Washington C.H. a better community. "It is our collective hope that the community at large will support the objectives of the program," Wolford

#### Bloomingburg **Council OKs** more building

BLOOMINGBURG - Bloomingburg Council Tuesday night awarded nine building permits for local construction. The Council also amended a 1958 village curfew ordinance, making it

much more stringent. Eight of the building permits were granted to Silver Dollar, inc., which plans to build houses on Biddle Boulevard. Ed Green, 53 Wayne St., was granted the other to add a garage

at his home. The Bloomingburg curfew rule used to take persons under 17 off the streets after 9:30 p.m. and first offenders were released to their parents.

The ordinance now makes it illegal for anyone under 18 to be on the streets, unaccompanied by parents, after 11 p.m., but first offenses subject the parents to a possible \$25 fine and three days in jail. For repeated offenses, the fine and jail terms for parents is increased.

Charges of espionage, conspiracy and theft against Ellsberg and Anthony Russo were dismissed at the Pentagon papers trial last May because of government misconduct that included the breakin.

The grand jury heard 30 witnesses during the probe, which had been in recess since July. The witness list included Ehrlichman, Hunt, Barker and the Cubans. Ellsberg and Fielding also testified.

Both Krogh and Young appeared but reportedly invoked 5th Amendment protection against self-incrimination and refused to testify. Krogh earlier had given Pentagon papers trial judge Matt Byrne an affidavit taking responsibility for having helped plan the break-in.

Ehrlichman has identified Krogh and Young as aides who headed the socalled White House "plumbers squad," which was assigned to plug leaks of secret documents such as the Pentagon papers. The papers were a study of The

## Trace leaks about Agnew to department

WASHINGTON (AP) - Atty. Gen. Elliot L. Richardson has received information that some of the news leaks about a federal investigation of Vice President Spiro T. Agnew have come from within the Department of Justice, a department spokesman said

Richardson obtained the information from news media sources, said spokesman John W. Hushen.

Hushen said both he and Richardson initiated contacts with several news organizations and that a newsman from Time magazine had said information about the Agnew investigation had come directly from an unnamed Justice Department official.

Agnew has publicly accused unnamed Justice Department officials of leaking information in a deliberate attempt to smear him and sway the deliberations of the Baltimore grand jury conducting an investigation of alleged political corruption in Maryland.

Without naming Time magazine, Agnew singled out for criticism its report that Justice Department officials said an indictment of the vice president was almost inevitable.

At that point, the Justice Department was conducting an informal internal inquiry on the news leaks.

On Aug. 23, Richardson wrote Agnew that there were no indications that any news leaks came from Justice Department sources. Richardson suggested that perhaps the sources were persons inside the White House or on Agnew's own staff.

Hushen said today that the new information received by Richardson about possible Justice Department leaks did not mean Richardson was ruling out the White House and Ag-

new's staff as sources of news leaks. Richardson ordered a formal, fullscale Justice Department investigation of news leaks after President Nixon requested him to do so late last month. FBI agents are helping conduct the inquiry.

#### Telephone supervisors back on job

ATHENS, Ohio (AP) - General Telephone Co. supervisors carrying out repairs and installations in the Athens area returned to their jobs Tuesday, a company spokesman said.

The men had been sent home Saturday because of alleged harrassment by picketing communications workers.

Spokesman Don Detweiler said most of the supervisors returned to work because the number of pickets at company buildings in the area had dropped.

He said crewmen called in from other offices to help with the fall installation of telephone service at Ohio University had been mistaken by the communication workers for extra

crewmen hired at the Athens office. Since about 2,800 Communication Workers of America members began striking General Telephone on July 16, the company has reported damages of over \$1 million from vandalism and loss of revenue.

The company serves about 318,000 subscribers in 77 Ohio counties.

#### Slagle hits General's 'illegal' rates

COLUMBUS, Ohio (AP) — State Sen. Gene Slagle, D-26 Galion, asked the Public Utilities Commission of Ohio today to restore rates of the General Telephone Co. to the level they were before June 21, 1972.

Slagle said the PUCO granted the firm a \$4.7 million increase at that time but the Ohio Supreme Court overturned the decision when the firm tried to get an additional \$2 million.

"But they have been charging about 300,000 telephone subscribers in 70 counties the increase since the Supreme Court decision," Slagle said.

Slagle estimated the company, headquartered in Marion, had collected \$6 million in unauthorized

He asked treble damages for subscribers, which would total about \$18

Slagle filed the action in the name of his firm, Gene Slagle, Inc., of Marion. He said the action was on his own behalf as well as that of all subscribers of General Telephone.

General Telephone has been involved in a strike by communications workers since July 16.

Slagle said the firm was violating Ohio law by levying the increase as well as violating the rules and regulations of the PUCO.

## **Utilities** prepare for more heat

By THE ASSOCIATED PRESS

Utilities were preparing for continued heavy electric power demands today as a muggy heat wave blanketed much of the Eastern Seaboard for the ninth straight day.

Temperatures in the 90s strained the New England regional power grid so severely on Tuesday that it reduced voltage by 5 per cent for the first time during the current hot spell. The New England Power Exchange

appealed for assistance from the New York State Power Pool, which again resorted to a voltage cut. Both systems asked heavy industrial consumers as well as the public to reduce power consumption.

In New York City, some 18,-000 Queens residents had to do without electricity for much of the day after Consolidated Edison requested a power cutoff at 66 apartment buildings in the

In the Washington metropolitan area, an air pollution alert was continued for the 10th day in a row. Air quality in New York City was described as "unhealthy" and all of Connecticut was put on a "Stage 1" air pollution Open burning was banned and people

were urged to use public transit or form car pools to help cut down smog. In New York City, the parks department said so many sweltering residents had been cooling off in outdoor municipal pools that the water had become "cloudy and unhealthy." The pools were being closed for draining, but the city was continuing to keep beaches fully staffed and open all

Consumers, however, will not see much change in store milk prices. The department, in announcing the temporary boost Tuesday, said the increase was necessary to assure dairy farmers that milk prices would be closely watched as production costs increase.

The increase will be in effect only for the remainder of September. Meanwhile, officials are studying recommendations for overhauling federal market order price structures which were gathered last week at a hearing in Clayton, Mo.

Officials said most cash market prices in federal orders are currently above the new August base level.

The announcement overlooked recent actions by the Nixon administration to open the door to more imports of nonfat dry milk. Producer organizations have criticized the larger imports as a further threat to U.S. milk

Spokesman Tom Rizzo estimated that \$275,000 was saved in free adminissions over last year, \$35,000 in free meals and \$1,500 in parking

inquiry into Ohio Commerce Director Dennis Shaul's use of state funds to mail out an information sheet on election issues last November has been turned over to the attorney general's office, Secretary of State Ted Brown said Tuesday.

However, a spokesman for the state Attorney General's Office said no formal request had been received.

Brown said he's asked the attorney general and State Auditor Joseph Ferguson to look into the possibility of illegal use of state funds by Shaul in the mailout.

Shaul's office has confirmed the commerce director mailed out sheets "explaining" issues on the November ballot dealing with repeal of the state income tax and rollbacks of property taxes. The sheets were enclosed in real estate license renewal applications.

Jon Christensen, a public relations official with the department, said the sheets cost about \$150. He said, however, the sheets neither

supported nor argued against state income tax repeal.

"It did not tell them how to vote,"

Christensen said.

Ohio law forbids the use of state funds to support partisan issues. Christensen said the mailouts fell

into a "gray area" surrounding use of state money to discuss issues, rather than candidates.

MILESBURG, Pa. (AP)— State police along Interstate 80 near here are watching for one or more snipers who for reasons unknown have been opening fire on passing autos.

State police say the sniper has attacked three autos in two days and that he pulls alongside his victims as the cars come close to exit ramps on the east-west highway

Officers say the sniper fires away while the vehicles are speeding alongside one another, then escapes off the exit.

So far no one has been injured.

In the most recent incident, gunfire opened early Tuesday on a tractor trailer. The shots, police say, came from a white Buick with Ohio license plates.

The driver of the rig said one of two persons in the car shot at his cab at about 1 a.m. with a pistol. Bullets struck the rear of the cab, police said.

On Monday, Francis Massey of Cresskill, N.J., was westbound near Milton when his auto was fired upon. It was not struck.

Later Monday, a car driven by Edward Moidel of Philadelphia was struck with shotgun pellets near Logantown in Clinton County.

## Women in medical school

It is something of a paradox in our society that there are so few women physicians. Women are widely thought to be gentler and more compassionate than men - natural healers, as it were. Nor are women academically inferior to men. Yet only about 10 per cent of all our doctors are women.

It is good to find that this situation is gradually changing for the better. There has been an upsurge in the number of women applying for admission to medical schools. Also, the number of women being accepted is increasing rather quickly

In 1971, according to the Association of American Medical Colleges, 12.8 per cent of all medical school applications were by women. In 1972 that figure rose to 16 per

Admissions figures suggest, if we are not misinterpreting them, that the medical schools are going out of their way to accept women. Going back to 1970, one finds that a mere 11.1 per cent of students entering medical school that fall were women. The comparable figure was 13.7 in 1971, jumped to 16.8 per cent

in 1972. The estimate is that this fall, a year later, approximately 19 per cent of those entering medical school will be women.

This does not necessarily mean that when this fall's classes graduate 19 per cent will be women; the percentage may be more or less. Clearly, though, the trend is in the right direction. We discern no reason why, some years hence, the number of female medical school graduates should not be proportionate to the percentage of women in our population — that is, slightly above 50 per cent.

## Recovering from vacations

There is a vast literature on finger of my left hand with a mighty vacations: how to prepare for them, what clothes to take, even psychological manuals on family packing. (A problem that should not be underestimated: I suspect that conflicts over how to pack have ruined more marriages than bad bidding at bridge.)

Then, once you get off and settled for a couple of relaxed weeks, you need little advice. The crunch comes with the return. Bang - there you are, back again, and somehow exhausted. The car is full of dirty clothes, shoes are full of sand, and inevitably you have timed your re-entry to the worst heat wave since the Weather Bureau went into

The logical way to deal with this is to declare Labor Day week, National Reentry Week.

Instead of suddenly abruptly ending the summer, there could be a period of transition. Think of all the things that could be accomplished.

FIRST, you could recover from the trip back. In our case, it once took about two hours plus the ferry ride, but that was long ago and in a distant country. Now you can count on at least one massive traffic jam each way.

I mean massive: we were sitting on Rt. 128 near the junction with 95 and literally turned off the engine. There was nothing moving. We sent our daughter up on the roof of the station wagon to get a fix, and she requested binoculars. It was solid for a good five miles ahead.

And the mystery was that when finally traffic got moving, we were unable to figure out what caused the jam-up. The temperature was about 100 and, naturally, you can't turn on our air-conditioning in slow driving without overheating the engine. We hadn't used it all the way from Woods Hole — now we were out of luck. (The side of the road was littered with cars that overheated in this fashion.)

Second, you would have a decent interval for medical rehabilitation. At the moment, my hands are a mass of small cuts obtained in the course of reshingling a cabin. I am also having a terrible time (which copy editors will remedy) with the left end of my typewriter keyboard. I smashed the third

Then there is poison ivy, which I have always considered the ontological proof of the existence of the Devil. Getting rid of those itchy spots takes time. A survey of our friends before leaving Martha's Vineyard indicated that about one-third of the children had somehow caught colds which should be cured before school starts.

Third, it does take a while to recapture the habits of civilization. The night we returned, for example, I said to my wife, "What is the matter with that Scotch?" She agreed that something was decidedly wrong, although it was a bottle we brought back with us and I have never known Scotch to ferment. As an experiment, I opened a bottle from the basement, but to our consternation it suffered from the same eccentricity. "The flavor is off," I observed, and she practically jumped. ## Catton begins world tour in plush jet

DAYTON, Ohio (AP)-Air Force Gen. Jack Catton, head of the Air Force Logistics Command stationed here, was to begin his seven-nation tour today in a jet recently refurbished for

Rep. Les Aspin, D-Wis., said Catton was "planning a two-week worldwide junket" as a maiden voyage for the jet. A spokesman at Wright-Patterson Air Force Base here said the jet already logged 200 mission hours before this trip. He said Catton would be accompanied by his wife for "diplomatic purposes" and her expenses would be paid for by Catton.

Other officers were to travel with Catton, the spokesman said. Aspin said his wife was going on what

"appears to be a worldwide shopping The Pentagon said Catton will visit

bases in his command in Germany, Greece, Saudi Arabia, Iran, Thailand, Guam and Hawaii. The Pentagon said the trip was to

discuss internal security matters. "I simply don't understand why a general needs a plush private Boeing

707 to haul him and his wife on a twoweek junket," Aspin said. "If Gen. Catton had serious business overseas then he should fly there by himself, conduct the business, and return home - not take a two-week

vacation at the taxpayers' expense." When the General Accounting Office reported last week that \$670,000 had been spent refurbishing Catton's plane, the Pentagon replied that the cost was "not out of line for aircraft used by VIPs, military and civilian," Aspin said.

Here comes the problem: Our son just gave us the news that he and his wife are splitting up and he is taking his two sons and she is taking the two daughters, and he wants US to raise the boys! His mother is all for it, and I am all against it. I say, we raised ours and now he can raise his.

As I see it, if he wants to end his marriage and chase skirts again, he can hire someone to look after his children. His mother has always been a softie, and he can get anything he wants from her.

Please, please, help me get my wife to see things my way. I know I am right, but I can't convince her. TOO OLD FOR KIDS

DEAR TOO: My telling you that I see it your way may not have any influence on your wife's decision, but I think your son ought to paddle his own canoe. DEAR ABBY: I am 21, married, and

have a 14-month-old son whom I adore. Now you'd think with all I have to do I'd be busy enough to keep me satisfied, but I'm not. I keep a clean house, cook three good meals a day, and my laundry is up-to-date. I want to really be somebody and do

something besides housework day in and day out. I'd even be satisfied with a factory job but nobody will hire me. I think it's because I tell the truth on the job applications. I quit school in the 9th grade which was the dumbest thing I ever did. Now I realize it, but I can't turn back the clock.

Do they have schools for dropouts like me? I want so much to get my high school diploma. I know when my son gets older he will be ashamed of his mother because she didn't even finish 9th grade.

When people use big words and say things I don't understand, I just keep quiet because I'm so ashamed to let on that I don't know what they're talking about.

Please help me, Abby.

**FAILURE** DEAR YOUNG WOMAN: I refuse to call you "Failure" because "Failures" are satisfied with their lot, and you are not. You can get your high school diploma through an adult education program. Get in touch with a counselor at your nearest public high school, or write to the General Education Development Council, 1 Dupont Circle, Washington, D. C. Good luck and God

DEAR ABBY: My husband was a business associate who is also a friend, and he always greets me with a big hug and kiss even though I don't do anything to encourage him.

My husband doesn't like it and thinks I could do more to control the situation. I don't want to make a big deal out of it, but I really don't know how I can keep this man away from me without insulting him. Maybe I am too timid, but I can't just tell anybody off. Is there another way?

DEAR TIMID: You don't have to tell him off. Greet him with an outstretched HAND (for shaking) instead of open arms for hugging and kissing.

Problems: You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope please.

The business session was brought to order by the ringing of the old church bell, and conducted by Mrs. Will Wintringham of Troy. Mrs. Harold Reardon of South Charleston gave the secretary's report. Following the treasurer's report, a donation was made to the church by the group.

In recognition of the many years of service as president of the organization, a cash donation was given to Mrs. Wintringham. The nominating committee reported a slate of officers for next year: President, Mrs. Kenneth Craig; vice president, Eugene Dawson; secretary-treasurer, Mrs. Reardon; and chaplain, Fred Lathberry.

The program for the day opened with group singing. Mrs. Charles Wisecup was the pianist, after which Kathy Harper, her daughter, played an accordian solo.

Mrs. Arehart spoke about the history of the church and named many faithful families who had worshipped there many years ago. Mr. and Mrs. Carl Arehart reside nearby, and have retired from teaching in the Fayette and Greene county schools.

The church's centennial committee had hoped to have Dr. Norman Vincent Peale attend services which marked 160 years in the community in September, 1971. However, Dr. Peale did attend the celebration last year when 600 or more people were present for the occasion. He was accompanied by Mrs. Peale, their son Rev. John Satterd Peale of Stratford College, Danville, Va., and their seven year-old grandson,

Miss Deborah Ann Burnett became the bride of William Jay Taylor in Grace United Methodist Church. Miss Burnett is the daughter of Mr. and Mrs. Walter Burnett Jr., Rt. 2, Leesburg, and Mr. and Mrs. Everett Taylor, Rt. 3, are the parents of the bridegroom.

The Rev. Allen Puffenberger performed the double ring ceremony at

7:30 p.m. Aug. 18, before an altar enhanced with candelabra and baskets of flowers with rainbow ribbon. Mrs. Gene Hughes presented a half-hour of organ music, preceding the wedding ceremony.

Given in marriage by her father, Miss Burnett wore a floor-length gown of silk organza and Venice lace, with empire bodice, high neckline, A-line skirt accented with lace borders at the hem, and long puffed sleeves with wide bands of lace and ruffles at the wrist.

The chapel-length veil of silk illusion was edged in matching lace. She carried a colonial bouquet of white daisies, white roses, baby's breath and

miniature carnations. Miss Pam Burnett was maid of honor for her sister. She wore a lavender dotted Swiss floor-length gown with puffed sleeves, tucked bodice and square cut low neckline, with belt in the back.

The bridesmaids, Miss Brenda

Wilson, Rt. 1, Sabina, cousin of the bride, and Mrs. Danny Wireman of Salyersville, Ky., sister of the groom, wore dresses like that of the bride in yellow and pink. They carried fireside baskets of mixed daisies tied with streamers or rainbow colored ribbon. They also wore ivory rose pendants, gifts of the bride. Heidi Gallardo of Washington C.H.,

cousin of the bride, and Melissa Wireman of Salyersville, Ky., niece of the groom, were the flower girls. They wore a formal length dotted Swiss dresses of yellow and lavender, with puffed sleeves and a ruffle at the hemline, trimmed with lace at the neck with white satin ribbon belts. They carried lace baskets of daisies tied with

rainbow ribbon streamers. Dean Waddle, Rt. 2, Leesburg, served as best man. Danny Wireman of Salyersville, Ky., brother-in-law of the groom, and Dennis Anschutz, Rt. 5, were the ushers.

The bride's mother wore a yellow and white formal length gown with which she combined white accessories.

The groom's mother wore a formal length gown of powder blue also with white accessories. Both mothers wore corsages of yellow and white sweetheart roses. The grandmothers wore miniature carnation corsages.

Hostesses for the reception held at the church following the marriage were Mrs. Ralph Wilson and Mrs. Paul Febo, cousins of the bride, and Mrs. Thomas Hagerty, cousin of the groom. Miss Karen W. Webb presided at the guest book.

Following a trip to Pennsylvania, the couple is residing on Reynolds Rd. (Rt.

#### Judge Coffman guest speaker at BPW meet

The Business and Professional Women's Club held its monthly dinnermeeting at the Washington Country Club. The meeting was planned by the legislation committee and conducted by Mrs. Donald Hanes.

Mrs. Tran DelPonte, second vice president, led the Pledge of Alllegiance and Miss Helen Slavens the invocation.

Guests introduced were Mrs. Hugh Patton, Mrs. Glenna Lindsey, Miss Nancy Karafta and Miss Kathleen

Special music was presented by Mrs. Paula Campbell, accompanied by Mrs. Rick Stinson. Mrs. Campbell sang several selections from well-known musicals.

The guest speaker was Fayette County Common Please Judge, Mrs. Evelyn W. Coffman. Judge Coffman

explained the jury system and how

people are selected to serve as jurors. Her main topic was the changes taking place in the legislative systems today, effecting judges, lawyers, legal offices, etc. She spoke of changes in criminal

rules. Judge Coffman reported that Fayette County hasn't had a criminal case over six months old, since the new superintendency rules came into being.

In concluding her report, she urged people to be concerned about the changes taking place in the country's legal system.

Officers reports were made by Mrs. Doris Diffendall, Mrs. Charles Hughes and Mrs. DelPonte.

Mrs. Norman Armbrust, of the civic participation committee, thanked members for helping with the Blood Bank during their last visit.

Mrs. Mildred Rogers, of the finance committee, reminded memebers of the rummage sale to be held Sept. 8 at First Presbyterian Church. The committee also has knives, placemats and note paper for sale.

New members voted into membership were Mrs. Betty Cook and Mrs. Claud Coulter.

Members of the legislation committee are Mrs. Chalres Wagner, chairman, Miss Slaven, Mrs. Sarah Brown, Miss Mary Crone, Mrs. Robert

West, Miss Lena Smith, Mrs. Nathan Ervin and Miss Dorothy Crane. Mrs. Hanes closed the meeting with the club Collect.

### More burglary reports under investigation

Three more business establishments have been found to have been broken into over the holiday weekend.

Milstead Tire, 115 W. Market St., Baker Construction Co., 225 S. Main and Watson's Barber Shop, 229 E. Court St., were entered and their offices ransacked. Nothing was found to be missing from any of the firms.

The break-ins, now totaling six, have thus far netted very little money or merchandise.

Support by private citizens can be most helpful in solving the burglaries, Chief Redman Scott says. He asks that anyone who sees anything suspicious report it immediately to the depart-

### Lions count profits from Fair project

The Washington C.H. Lions Club will clear around \$750 on the sale of race programs at the Fair here. The Fair Board also will receive half of the total of approximately \$1,500 netted on the program sale, as has been the policy for years.

Proceeds from the race programs were down somewhat from the last few vears, because two of the four nights scheduled for the harness horse races were rained out. The money will go into the club's sight-saving fund. Richard Coates and Wesley Cox were the committee chairmen.

Wiley Witherspoon announced that the bienniel light bulb sale has been scheduled for Sept. 18. This is the time when the Lions go from house to house selling light bulbs. It is another of the club's projects to raise money for its sight-saving program. Light bulbs and brooms are sold house to house by the Lions in alternate years.

A special award was presented by

Tailtwister Gene Sagar to Richard Patton for efficient planning of the club's bus trip to a Cincinnati baseball game last month.

The Rev. Richard J. Connelly, who has served as chaplain of the Cleveland Browns and Cincinnati Bengals pro football teams, described some of his experiences, many of them humerous, while on the bench with the clubs.

The business session and program followed dinner Tuesday night in Lafayette Inn. Ralph Cook was the program chairman, and the business session was conducted by President David Looker.

#### Man loses hair in justice quest

SAN FRANCISCO (AP) — Charles H. Evans is to have 12 hairs plucked from his head because the federal government says they might be evidence in a Richmond, Calif., bank robbery case.

U.S. District Court Judge Charles B. Renfrew granted a government request on Tuesday to compare the hairs from Evans' head with those in a golf hat found on the flight route authorities say a bank robber took. Witnesses said the hat was worn by the holdup man.

Evans, 27, is charged in the \$26,300 holdup Aug. 4 of the Imperial Savings and Loan Association. He is free on \$30,000 bail.

#### City seeks return of employe's salary

DEFIANCE, Ohio (AP) — The City of Defiance went into court today seeking about \$10,000 it claims is owed by an employe of its waste water treatment plant.

City attorneys claimed employe Dennis Stoller defrauded the city out of the money by holding concurrent jobs with the city and the state between 1967 and 1971.

#### Barn burns — on purpose

Smoke billowing over the fairgrounds Tuesday evening was part of a planned Fire Department exercise. An old horse barn being torn down was intentionally ignited in order to offer regular firemen, as well as volunteers, a practical exercise in firefighting technique.

# Zechman-led Panthers await debut

## **Defense-minded Jets** on tap for MT team

**Record-Herald Sports Editor** 

Miami Trace's Panthers, following an extensive restoration conducted through sweltering heat and humidity. will launch what could prove to be an unpredictable football crusade Friday

The success of new head coach Fred Zechman's summer patchwork on the Miami Trace team will unfold when a veteran-studded Springfield Northeastern comes calling for the 8 p.m. season opener at Miami Trace Field.

Zechman inherited a team tattered and torn by the graduation losses of a wonderful batch of seniors which included four All-Ohioans, but the Capital University product promises some surprise packages for his first fall in Fayette County.

HE DOESN'T expect the offense to be as awesome and devastating as it was a year ago, though it will be testy enough, however Zechman expects his first Panther team to be vastly-

#### Jr. high call

A call has been issued for all prospective junior high football candidates in the Miami Trace School District.

The junior high gridders are to meet with their coaches today and Thursday at Miami Trace High School. The gridders are to report with tennis shoes and shorts for mandatory pre-season physical conditioning.

improved after a raft of young players gain experience.

Zechman started installing the intracacies of his new brand of football to a group of players, most of wich had been around when the magical Roy Lucas and Fred Bernier led the Panthers to a sparkling 17-3 all-games record over two years.

The pre-season situation for Miami Trace is just the opposite of last year's when Bernier was blessed with the likes of Pete Jones, Tony Grooms, Glenn Gifford, Gardner Cobb and Jeff Spears to gear an explosive offensive

Now, senior Doug Ford is the only starting backfield member returning and Zechmanhas big John Woodrow and Greg Wieland to form the heartof the blocking corps in addition to supplying the nucleus for a new defense.

The Panthers appear healthy for Friday night's opener with the exception of stalwart tackle Ron Warneck. The junior lineman, who landed All-South Central Ohio League honorable mention accolades after Miami Trace's 7-3 season, suffered a shoulder separation in Monday's

Springfield Northeastern, almost a traditional opening opponent for the Panthers, is placing the emphasis on defense in hopes for continued improvement under second-year head coach Joe Chine.

Chine, a former assistant under Jim Bowlus at London before the accepting the Jet position two years ago, said "we're striving to improve defensively and we want to become known for our

Northeastern posted a vastlyimproved 4-5 all-games record a year ago following a 2-7-1- production during Chine's first season.

Defensively, the Jets have Bill Sims, a 160-pounder at middle guard, with 186-pound Jim Augustus and Dave Kuykendall, a 178-pound junior, at the other linebacking slots. Tom Leckhard and Allen Anstein, a pair of 200pounders, form the tackles, with Jim Maccera ad Don Whitlatch at the ends.

JOE PAUL, who Chines terms "the best passer in the Mad River Valley League, is the Jet quarterback, but the offensive spark is Dale Pattern, a 195pound senior fullback who palced seond a year ago in the MRVL scoring race. Mike Castle and Larry Stratton are the top tailback candidates with 150-pound Scott Bennett at wingback.

Rocky Banion, a 160-pound senior, is the split end and doubles in the defensive secondary with Castle and

The Jets are members of the Mad River Valley League which will fold following this season. Miami Trace whacked the Jets 40-20 a year ago.

# Reds alone atop NL West rumble

HOUSTON (AP) — The Cincinnati Reds are proud of their home run hitting ability but they'll also tell you the importance of a bunt.

Pinch hitter Phil Gagliano put down a squeeze bunt with two outs to drive home the winning run in the 10th inning Tuesday night as the Reds beat the Houston Astros 12-7 and took over

## Glover placed on waivers

By THE ASSOCIATED PRESS

Rich Glover, upset by the announcement that the New York Giants had asked waivers on him, was questioned about his possible future in pro football.

Still shaken and trembling from the unexpected development, the two-time All-American and 1972 winner of the Outland and Vince Lombardi Trophys as the outstanding lineman in college football, replied confidently: "I feel I can make it with any team, at any position on the line or linebacker."

The National Football League team that Glover would like to make it with is the Giants.

And he might eventually get that

In placing Glover on waivers Tuesday, the Giants said if another team claimed the former Nebraska

"I never thought this would happen." said the 6-foot-1, 240-pounder who was not selected until the third round of the NFL draft because he was considered too small to be a pro lineman and not quick enough to be a linebacker.

In addition to cutting Glover, the Giants reached Tuesday's 44-player limit by dropping veteran defensive back Otto Brown and rookie wide receiver Walter Love. All NFL teams must get down to 40 players by next Monday.

There was a lot of other player shuffling Tuesday. The Chicago Bears cut four players, including wide receivers Jim Seymour, a former star at Notre Dame, and Bob Wallace, and deactivated offensive tackle Randy Jackson and linebacker Jimmy Gunn because of injuries.

The Detroit Lions, plagued by injuries to defensive backs Rudy RedLos Angeles Rams and Willie Germany from the Atlanta Falcons for future draft picks.

The San Francisco 49ers sent linebacker Marty Huff to the Buffalo Bills for a draft choice. Veteran defensive tackle Tom Keating, nursing a knee injury, was placed on the inactive list by Pittsburgh, while the Steelers cut guard Ron Curl and defensive end Nate Dorsey.

Quarterback Lynn Dickey, suffering from a hand injury, was deactivated by the Houston Oilers and replaced on the roster by linebacker Paul Guidry. And the New Orleans Saints cut two free agents-tight end Chris Vella and running back Frank McGuigan.

Meanwhile, the Miami Dolphins said that veteran defensive tackle Jim Dunaway suffered a compressed on waivers they don't expect to keep on fracture of a spinal vertebrae in last them," Brown said. "We know there week's exhibition game against are several clubs who are very in-

CINCINNAGI (AP) — The hush-hush status of four Cincinnati Bengals placed on the National Football League waivers list Monday is expected to come to light today.

Coach Paul Brown announced Tuesday he was not going to make public the waiver names he submitted league headquarters until late Wednesday.

'The reason we're not saying anything is because there are some teams playing games by putting people star that he would be restored to the roster. And if he went unclaimed, he roster. And if he went unclaimed, he roster and would be sidelined at defensive backs Gene Howard from the least eight weeks.

Week's exhibition gains against the start of the start squared defensive backs Gene Howard from the least eight weeks.

By JAY SHARBUTT

AP Television Writer
NEW YORK (AP) — One of the
briefest, hippest kid shows on television-ABC's "Scholastic Rock"will start some swinging grammar lessons next Saturday morning. It already has put a lively beat to basic

The new lessons are in "Grammar Rock," a companion series to the 11 "Multiplication Rock" segments that have been part of ABC's Saturday and Sunday morning programming since Jan. 6. Sunday childrens'

The method of both series is simple but highly effective: The usually dull rules of multiplication and grammar are written as catchy lyrics to pop rwon characters movin about briskly to illustrate the number or rule of grammar involved.

Each show lasts only 31/2 minutes, but you might try to catch one some morning. They're excellent. The music is billed as rock, but it really isn't. It's more in the jazz vein.

Several of the singers behind the cartoon characters are respected jazz artists, albeit not as widely known as some of today's pop music stars.
The "Multiplication Rock" team

consists of Blossom Dearie, an ex-cellent pianist; jazz drummer-vocalist Grady Tate; and pianist Bobby Dorough, who composed all the multiplication songs.

Another well-known figure in jazz circles-trumpeter Jack Sheldonsings in the new grammar series, according to spokesmen for Scholastic Rock, Inc., the New York-based producers of both shows.

Segments from both series will air five times each Saturday and twice on Sunday, according to ABC, which says yet another "Scholastic Rock" seriesdealing with American government and history-may be ordered up at a later date.

Another project aimed at young viewers is in the works right now at CBS-TV. It involves current news items and an effort to put these stories into perspective for the 10-to 16-year-old

CBS says the shows, each running nearly two minutes, will start in October, run Monday through Friday and examine one current story a day with detailed but easy-to-follow background material on it.

The new series will be seen on the five CBS-owned television stations-in New York, Chicago, Philadelphia, St. Louis and Los Angeles—as part of those stations' early evening local news programs, the network says. The shows also will be offered to CBS af-

#### Christmas parade planners to meet

Plans for the annual Christmas Parade will be discussed at an organizational meeting to be held at 3:30 p.m. Thursday in the Chamber of Commerce office.

Committee Chairman Eddie Fisher said planning is already under way for the Dec. 1 event, and persons interested in participating should attend the meeting.

The Chamber's Legislative and Congressional Action Committee will meet with Chamber Board Representative Jim Hanawalt at 8 a.m. Friday in the Chamber office.

five roads were approved for striping. The roads are: the new section of Robinson Road and 4.727 miles of Robinson Road from Elm Street to Camp Grove Road; Reed Road, from Gregg Road to the Madison County line; Carr Road, from Ohio 41 to Gregg Road; Hutchinson-Yeoman Road, from U.S. 35 to Bloomingburg-New Holland Road, and Bloomingburg-New Holland Road, from U.S. 35 to Ohio 41.

The cost estimate for the striping project is \$1,250.55, according to County Engineer Charles P. Wagner. The county dog warden reported that 39 complaints were investigated during the past week.

#### Cincinnati youth dies; crushed by truck

CINCINNATI, Ohio (AP) - A 17year-old Cincinnati youth, William Maxfield, died Tuesday after being crushed by a truck while working at a loading dock, police said.

Maxfield had just finished loading the truck. The driver attempted to pull away from the dock, but the truck rolled backwards and pinned the vic-

### Orient Institute ceremony held for 'New Look'

COLUMBUS, Ohio (AP) - Mental Health Director Kenneth Gaver personally will cut down a 500-pound steel bar gate to Farmview Cottage at Orient State Institute Thursday to symbolize the state's new attitude toward mental care.

The morning ceremony will bring to an end the use of the 70-year-old building as a residence for mentally retarded patients.

Gaver said Gov. John Gilligan and he felt "the filing of those bars symbolizes Ohio's new determination to bring humanizing conditions to those who must depend on us for their wellbeing."

The cottage will be converted to a multi-purpose rehabilitation center for residents of Orient, the largest of the six state institutions for the mentally retarded.

ment. The appointment was made by the Board of Health.

Mrs. Richards has been a staff nurse for 21 years, working in education and

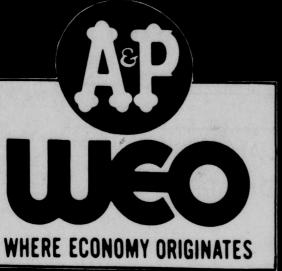

school health nursing. She will fill the vacancy left by Mrs. Gretchen Witherspoon who recently retired.

The board approved the attendance of three staff members at a public health seminar to be held Sept. 21-22 in Columbus.

Other items discussed at the board meeting Tuesday were new state: regulations pertaining to accrued sick leave, the home health program and its relationship to the department, and the two-tenths mill tax levy to be voted on in November.

Plans are being made to form a citizens committee to explain the need for the additional tax money.

four match where the bidding at the first table went as shown. Perhaps most players would simply bid a diamond over he redouble, but the East player in the ent case elected to jump to three diamonds preemptively, hoping to foul the opponents'

nest by cramping their bidding space. His tactics proved effective when North-South wound up playing the hand at five clubs, down one, instead of three notrump, making four.

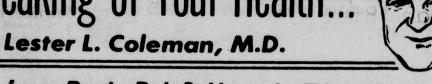

It is hard to blame South for passing three diamonds with his minimum opening bid, though he could have taken an inspired shot at three notrump. And it is similarly difficult to censure North for cuebidding diamonds in an effort to find a 4-4 major fit. The fact is that East made a highly disruptive effort, instead of a neutral and unimaginative one diamond bid, and got well paid for the

As long as I can remember, my husband has complained of pain in the lower back. He says he has a "disk problem."

He has never had a thorough examination, and I am beginning to believe that his pain may be due to something entirely different. Where do we go from here?

Mrs. G.T.F., N.M. Dear Mrs. F.:

Low back pain is one of man's most common complaints.

When man evolved to an upright position, this postural change may have imposed on him the low back syndrome of modern civilization.

The idea of a "disk" became very

Without a thorough examination, numerous people have gone through life thinking that they have a disk problem when, in reality, another reason for their pain existed.

Sprains of the muscles of the lower

back can result when people suddenly lift a heavy object, or make an unnatural pull on a muscle.

Some people are born with malformations of the spine which make them more vulnerable to stresses. The presence of a disk is no

guesswork. X-ray, orthopedic, and neurological examination are essential in establishing such a diagnosis.

Disks are flat, compact pieces of

cartilage which separate the bones of the vertebral column. This cartilage acts as a shock-absorbing cushion for all of the positional changes we make throught our lives. These disks can protrude and become herniated following injury.

There are also some disorders which may be responsible for the herniated, or "slipped," disk.

Treatment depends entirely on the exact diagnosis. It is imperative, therefore, that a thorough study be made of the entire bony structure of the spine. Sometimes, a myelogram, a highly specialized X-ray study, is made to localize the exact disk that may be involved.

Medical and surgical treatment is now available. If a disk really exists there is no reason that your husband or any person suffering with low back pain should go through life without finding its cause and seeking its

Is the operation for a fallen womb successful?

Mrs. O.L., Va.

Dear Mrs. L.: A prolapsed uterus, or "fallen womb," occurs when the ligaments and muscles that normally hold the uterus in place become weakened. This may occur in women who have had a number of children.

The operation for the repair of a prolapsed uterus is highly successful. It can relieve the weighty "bearing down" sensation associated with a prolapsed uterus.

Bladder disturbance caused by the fallen womb can also be relieved. The operation is a safe one.

## Miami Trace pupil transfers OKd

Transfer of students to ease overcrowded conditions in three elementary schools in the Miami Trace School District and a report concerning a site for the proposed junior high school topped the agenda for members of the Fayette County Board of Education at their regular semi-monthly meeting Tuesday night at Jasper School in Milledgeville.

Board members spent the bulk of the 3½-hour session discussing enrollment figures in various schools and finally taking action to make adjustments in three particular cases where overcrowded conditions exist.

Several concerned citizens from the New Holland area joined in the lengthy discussion with board members.

The board indicated that approximately 13 New Holland first graders will be transferred to Bloomingburg. The pupils, some living in the Deskins Subdivision, off U.S. 22-E, will be selected according to transportation distances. There are currently 41 students in the first grade at New Holland and 41 in two sections of first grade at Bloomingburg.

In addition, the board also transferred approximately eight seventh graders from Bloomingburg to Eber and six second graders from Bloomingburg to Madison Mills.

DWIGHT DUFF, a board member who serves on the school site selection committee, reported that the board has taken an option on a piece of land for the proposed new junior high school which will appear before voters in the Miami Trace School District on the November ballot. The board said the property being considered is located near Miami Trace High School.

Along the same lines, the board scheduled a meeting for 8 p.m. Sept. 11 to consider a promotion campaign of the new school issue.

Two teachers were employed. They were Mrs. Sandra Stayrook, of Columbus, for a vocal music assignment at Jeffersonville, and Miss Dariah Hewitt, a graduate of Wilmington College, for a special education assignment at Jasper.

Donald Matthews was employed as a high school custodian and Jerry Armstrong, presently a high school custodian, was transferred to New Holland where he will assume the same duties.

In other employments matters, the board hired Carolyn Exline, a COE student for the high school office.

IN OTHER matters:

The board granted a request from Athletic Director Delmar Mowery and the head basketball coach Dale Creamer, to open the high school gym for recreational purposes two days a week after school until 5:30 p.m. until basketball conditioning starts Oct. 1, and a request that Charles Andrews be employed as assistant varsity basketball coach;

Approval was given to a request from the Junior and Senior High counselors to attend a two-day workshop in Columbus later this month. In taking the action, board members noted that they wish to encourage teachers and school personnel to attend enrichment programs of various types.

Instead of paying bus drivers a flat rate, the board voted to pay the drivers \$3.17 per hour for transporting students to school-related activities. This will include athletic events, band appearances and other engagements.

Favorable action was taken on a to vote on request from Fred Jones, Senior high principal to allow Rita Sue Pitzer, a junior, to graduate this spring.

#### **School districts** get state subsidy

The two school districts in Fayette County received \$118,216.69 in August under the school foundation program, according to State Auditor Joseph T. Ferguson. Ohio's 615 school districts shared in a net total of \$42,662,062.37.

The gross August subsidy payment amounted to \$61,251,969.08, but the actual amounts the school districts received were reduced by direct state payments to the two retirement systems and the county board of education.

The Washington C.H. City School District received \$70,435.92 as the basic and transportation allowance, \$1,773 for the school employes' retirement, \$12,849.69 for state teachers retirement, for a total payment to the district of \$55,813.23.

The Miami Trace Local School District received \$85,594.75 as the basic and transportation allowances, \$3,364 for employes' retirement, \$15,492.96 for teacher retirement, \$4,334.33 as the allotment to the County Board of education for a net payment of \$62,403.46.

The direct allotment to the county board was \$945.92 for basic and transportation allowances.

#### **Service Notes**

Airman Orville L. Butcher, son of Mr. and Mrs. Leo Butcher, Bloomingburg, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During his six weeks at the air training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in aircraft maintenance.

Airman Butcher is a 1973 graduate of Miami Trace High Schhol.

#### Sabina councilmen postpone session

SABINA — There was no meeting of Village Council Tuesday night because of lack of a quorum. Mayor William Stewart is in a hospital and Isaac Soale, president of Council, was unable

The meeting was postponed from Monday, the regular meeting date, because of the Labor Day holiday. No date was set for the next meeting Council normally meets the first Monday of each month.

THE YEAR-END schedule for seniors was approved by the board. The Class of '74 will take final exams May 22)23; their last day of school will be May 23; the senior assembly and breakfast will be May 29; senior rehearsal, May 31 and commencement Sunday, June 2. The date of the senior party was tentatively set for May 24.

The breakdown of the city school enrollment of 2,315 students is as follows: Belle Aire, 309; Cherry Hill, 172; Sunnyside, 120; Rose Avenue, 131; Eastside, 449; Junior High, 647; and Senior High, 487.

There are an additional 169 kindergarten students. Eastside has 63; Sunnyside 51 and the Junior High building 55.

## **New Hollanders** cemetery levy

NEW HOLLAND - Village Council Tuesday night approved a resolution to submit a renewal of the one-mill cemetery levy to the voters at the Nov. 6 election, paid bills totaling \$2,107.55 and set Sept. 17 as the date for the councilmen to meet with Donald Conley, of the Washington C. H. engineering firm of Gale Helms & Associates, to review the zoning map of the village.

Among the bills were a payment of a total of \$80 for five runs by the Volunteer Fire Department. (The firemen receive \$2 each per run.) Also included was a bill of \$941 for street improvement and salaries of Mayor Clarence Brown and other village officials.

The zoning map was laid before Council meeting by Conley. After some discussion, a few changes were recommended. After these changes are made, Conley will resubmit the map to councilmen at the Sept. 17 meeting.
